

Considering a switch to US Cloud, but unsure about the fit with your organization?

Consider US Cloud's Proof of Concept trial program.

No risk, 30-Day “Proof of Concept” trial

- Customized to client size and level of need
- Buy only enough hours for valid test (*10%-15% of estimated annual support hours recommended*)
- No long-term commitment

Pay for only what you use

- Stop POC at any time, for any reason
- Pay \$0 for any unused POC hours at end of trial period

Minimize risk of moving from MSFT

- Gain true insight into US Cloud capabilities
- Same service, SLA's, sr. engineers, escalation mgt., etc.

Easy transition to annual agreement

- Zero lag between successful POC and annual agreement

What do our clients say about us?

“ Looking back, going with US Cloud was a no brainer. I put a lot more effort into trying to stay with Microsoft than I should have. We will be renewing with US Cloud this year. ”

Ryan H
Head of Computer Support
Multinational Oil & Gas Company

“ I’m a strong believer of US Cloud Premier Support as a cost effective/higher quality alternative to Microsoft. ”

Mike S
Director, Infrastructure & Support Services
International Architecture Firm

“ I must add, THANK YOU! I called MSFT on this issue 3 weeks ago and their fix was to destroy the VM and rebuild...This is significantly easier, less risky, and did not require any downtime. ”

Nick A
Major National Law firm
Global Health and Pharmaceutical Company

“ I’m super impressed! This is by far the best news we have had in a long time on the issue. ”

Thank You so much! ”
